

## ABOUT THE STATE

## HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Sanford B. Brown, for 15 years overseer in the mills of the Bridgewater Woolen company, died last week at his home in Bridgewater at the age of 82 years.

Rev. C. E. Hayward on Sunday resigned his pastorate of the Congregational church in Winoski. He has accepted a call to North Troy, after three years' service in Winoski.

A big Packard seven-passenger touring car went over the bank and into a pond at the top of French hill in Williston Saturday, but the car was not overturned or injured and no one in it was hurt. A milk truck was stuck part way up the hill and when the Packard came on to it unexpectedly there was nothing to do but run either into the truck or the pond.

In Brattleboro municipal court Edward Alexander, whose wife came from Georgia, to marry him, in response to a matrimonial advertisement, pleaded not guilty to a charge of desertion and non-support. After consultation with a lawyer, however, he consented to pay his wife \$3 a week and by agreement of counsel, Judge Cudworth ordered him to pay that amount until further order.

Harvey R. Kingsley, prominent in the affairs of Rutland City, two years secretary of civil and military affairs to Gov. J. A. Mead and for the past six years chairman of the Republican city committee, is a candidate for state senator from Rutland. Mr. Kingsley has also served six years as city grand juror, 15 years as a member of the school board and his fourth year as president of the board.

A party consisting of Mr. and Mrs. Judie Brasser of Richmond, their son and daughter-in-law, Mr. and Mrs. Fred Brasser, of Windsor, and the former's two daughters, while returning from a fishing trip to Hinesburg Saturday, were victims of a runaway accident, in which all were considerably hurt. They were driving a span of horses and when the neck pole broke and let the wagon onto them, the horses ran, and threw out the occupants of the carriage, all of whom landed on their faces. Mrs. Brasser has been confined to the bed since the accident.

## Woodstock's Flag Dedication.

Woodstock, July 16.—Woodstock raised a town service flag Saturday afternoon, which bore 83 stars. Mrs. W. G. Ransom, whose two sons, Capt. Philip and Capt. Paul Ransom, are both in active service abroad, pulled the cord which released the flag. Preceding the exercises there was a patriotic parade.

## 50th Wedding Anniversary.

Brattleboro, July 16.—Relatives and friends of Mr. and Mrs. John T. Graves assisted them in celebrating the 50th anniversary of their marriage here July 14. At the request of Mr. and Mrs. Graves no presents, aside from 50 carnations, were given. Whatever relatives can afford will go to the Red Cross work.

Mr. Graves will reach his 73d birthday in September. He is a native of South Deerfield, Mass., and practically all the years of his manhood have been spent in Greenfield and East Shelburne, Mass. For 10 years Mr. and Mrs. Graves were in charge of the Greenfield estate of the late Charles Peabody. Both are Baptists and for years Mr. Graves was a deacon of the First Baptist church of Greenfield.

## WHOLE FAMILY IN SERVICE.

James M. Kelley, His Wife and Only Son, of Morrisville.

Morrisville, July 16.—Morrisville has the honor of having more men in the service per capita than any other town in Lamotte county, having about 100 men now in some active branch of the service. Just at present the residents are feeling proud of the fact that a whole family has offered its services to Uncle Sam and given up everything else for the cause.

James M. Kelley, Morrisville station agent, Lamotte county food administrator, and one of the most popular and patriotic citizens of Lamotte, has offered his services for overseas. Y. M. C. A. work, has been accepted and is now at Columbia university taking a brief course, while waiting for his passport. Mr. Kelley is 46 years of age, was born in Ireland, educated in Canada and came to Vermont 27 years ago to work as telephone operator at Stoughton. He married Miss Addie Patch of Fletcher, a year later, and about 25 years ago came to the Morrisville station.

Mr. Kelley is interested in several business enterprises here. At the time of the Mexican border trouble he surprised his family by enlisting in Co. C, 1st Vermont, and accompanying the boys on the trip. Since the United States entered the war he has been active in all patriotic work and given liberally. He helped organize the local company, Vermont volunteer militia, of which he was appointed first lieutenant. Maurice P. Kelley, their only son, is now in France, a member of the Headquarters company, coast artillery. He was graduated from People's academy, and after two years at the University of Vermont accepted a traveling position with a Boston firm, which he resigned last winter to enter the service.

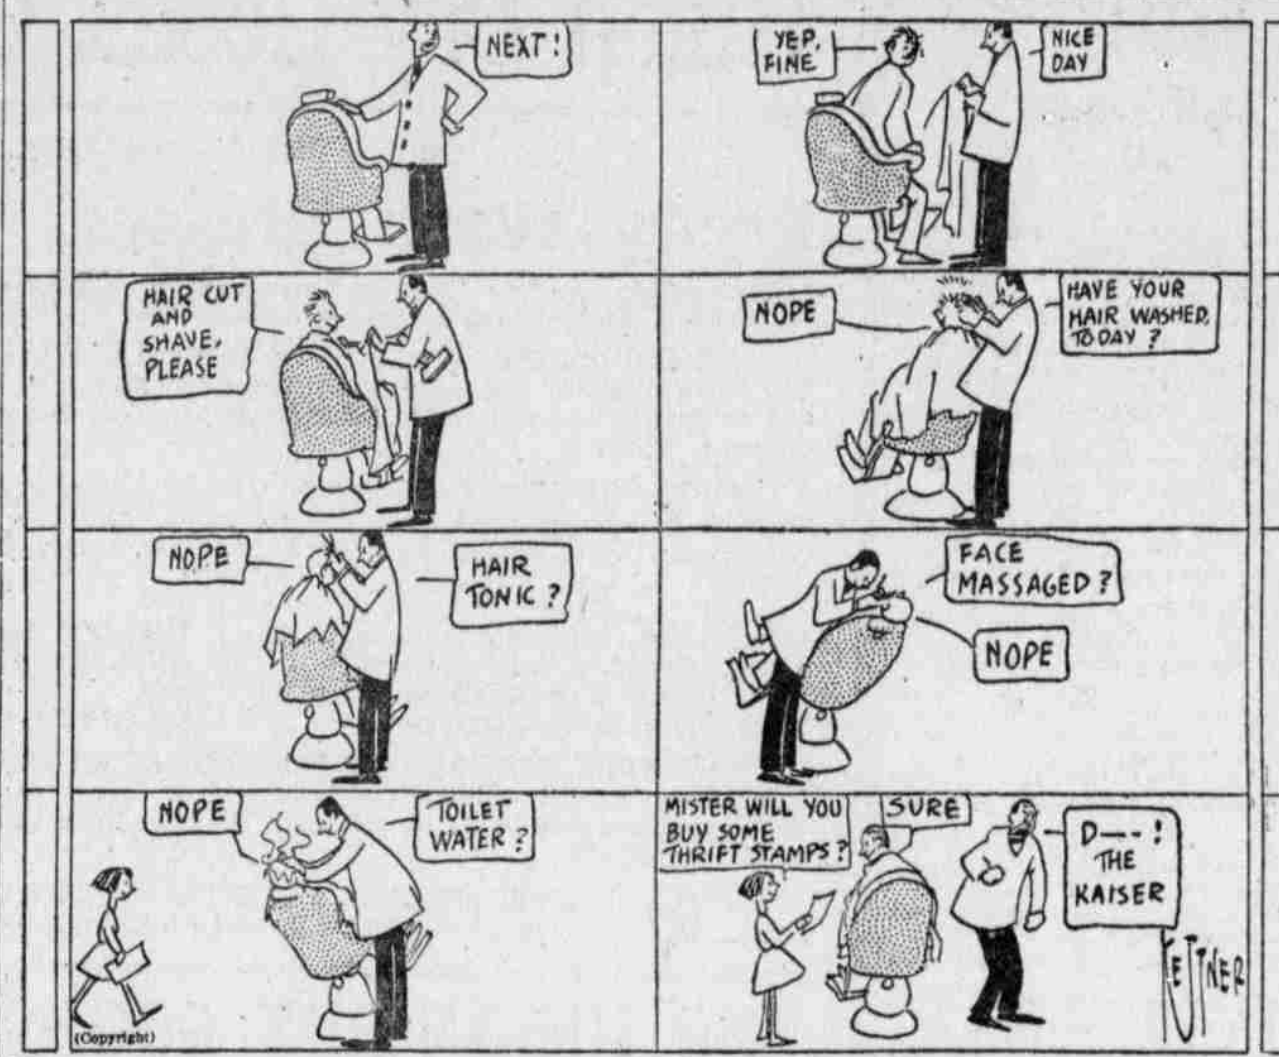

Mrs. Kelley, who is an expert telegraph operator, has passed government examinations for the civil service, and, while she regrets she is not allowed to "do her bit" over there, is ready to accept any work in this country, and is awaiting orders. Meantime she is one of the most enthusiastic Red Cross workers and has been giving part of her time to Mr. Kelley's work at the station.

## DIED OF STARVATION.

Six Children at Reform School in German Town.

Amsterdam, July 16.—The death of six children at the German reform school in Tienhofen, Saxony, from what practically amounts to starvation, although it is politely called "under-nourishment" in the official reports, has caused widespread comment in Germany. Assailed in the grand ducal parliament for tolerating such conditions, the government put forth the diverting excuse that the children died from "tuberculosis brought on by deficient mental conditions." This, says Vorwaerts, in a scathing editorial, is "a disease that is likely to prove more serious and more mysterious than the influenza epidemic in Spain."

## Blame the Kaiser

## ONLY POWERFUL MEDICINE WILL END RHEUMATISM

It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twittings for 20 weeks, Rheuma is strong enough and mighty and powerful enough to drive rheumatic poisons from your body and abolish all misery or money back.

E. A. Drown & Co. and all druggists sell Rheuma on a no-cure-no-pay basis. A large bottle is inexpensive, and after you take the small dose as directed once a day for two days, you should know that at last you have obtained a remedy that will conquer rheumatism.

For over five years throughout America Rheuma has been prescribed by broadminded physicians and has released thousands from agony, pain and despair.

## AMERICAN MILITARY POLICE

Are to Be Seen Day and Night in London's West End.

London, July 16.—The American army's provost marshal service in London is now in full operation. Trim American military police, in the new field service caps, may be seen on duty at all hours of the day and night in the west end.

## Circus Day.

What is there about a circus that thrills the blood of a healthy person? What is it that makes you restless and stand up on your toes when you hear the band coming up the street playing that music with a swing and vigor only heard in a circus? You say that circuses are all alike and when you have seen one you have seen them all, but still you walk fast—or even run—right in the heat of the day in order not to miss one bit of the fascinating street parade and when the calico has passed, you will rush to the return street and push several children out of the way to see it all over again. Why do you do it? Think it over. Then you will go to the show "just to take the children" or possibly because your girl insisted on going and you did not wish to displease her.

It's all right to skip yourself; almost everybody has done the same thing and time again. Does not the flash and glare and glitter have a lot to do with your enthusiasm for circuses? Don't you like the scintillating brilliancy and gaudiness of the ensemble? Sure you do. Let's all be human when the Walter L. Main Fashion Plate Shows are in Barre, Thursday, July 25, and have a good time. Good circuses do not come often and they are not expensive. So meet us in front of the elephants when the Walter L. Main shows are in Barre, Thursday, July 25, and we will throw tobacco to the winds and peanuts to the elephants. At Barre July 25.—adv.

10,000 Testimonials from Mothers of children who have successfully used Mother Gray's Sweet Powders for Children. They move and regulate the bowels, relieve feverishness, teething disorders, constipation, head-aches, destroy worms and frequently break up colds. Children like them. For 80 years Mother Gray's Sweet Powders for Children have been the safe and reliable remedy in time of need. Mothers should never be without a box in the house for immediate use. At drug stores everywhere, 25c.—Adv.

## CASTLETON NORMAL

The state normal school at Castleton, when it opens in September, will admit only high school graduates, and the length of the course will be two years.

The school, in setting these entrance and graduation requirements, places itself on the same basis as the best normal schools in the country. Vermont girls may come to Castleton with the fullest confidence that the character of the work will be developed along the same high standards as before, but in addition, they may be sure of two things—first, of having open to them the best paid positions in the state and of having been able to secure in their own state the highest type of training for becoming a teacher; and second, of having that work—the value of it—recognized by other states.

Superintendents are anxious for normal school graduates and school boards are willing to pay for them. Whereas, four years ago, graduates of this school were content to receive \$10 per week upon beginning teaching, this year many of our graduates are to receive \$13 and \$14 per week, and next year the wages will be even higher. In the methods and training, the normal school is abreast of the times and everyone recognizes the great public service done by the normal schools—and the great need for their graduates as leaders of educational movements.

The faculty for this coming year has been strengthened by the addition of Miss Jessie L. Ross of Grand Isle, for several years a superintendent of schools in Vermont and more recently the principal of the training class at Essex Junction. Miss Ross will primarily have charge of the work in rural education. When Vermont girls understand fully the great demand for normal graduates at attractive wages and the high character of the work done at the normal schools, the number in attendance at our Vermont normal schools must show a gratifying increase. The applications already received indicate that high school graduates already understand these things.

## MORE DEADLY THAN A MAD DOG'S BITE

The bite of a rabid dog is no longer deadly, due to the use of famous Xanthor treatment, but the slow, living death, the resultant poisoning of the system by deadly virus acid, is as sure and inevitable as day follows night.

No other organs of the human body are so important to health making as the kidneys and bladder in working condition, and you need have no fear of disease. Don't try to cheat nature. It is a cruel master. Whenever you experience backache, nervousness, difficulty in passing urine "set on the job." Your kidneys and bladder require immediate attention. Don't delay. This is the time to take the ball by the horns. GOLD MEDAL HAZELIM OIL Capsules will do the trick. For over two hundred years they have proven meritorious in the treatment of diseases of the stomach, kidneys, liver and bladder. It is a world-famous remedy, in use as a household necessity for over 150 years.

If you have been doctored without result, get a box of GOLD MEDAL HAZELIM OIL Capsules today.

Your druggist sells them. Absolutely guaranteed or money refunded. Beware of imitations. Look for the name GOLD MEDAL on every box.—Adv.

St. Johnsbury Man Dead.

St. Johnsbury, July 16.—Leonard Pennington, 85, one of the oldest residents of this town, died at his home recently. He was born in Braintree, Mass., and came to St. Johnsbury when a young man. He was a farmer, then in the meat business, and then the milk business, which his son continued. He is the last of a family of seven children. Besides his wife he leaves a son and a daughter.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is blood on the mucous surfaces of the system. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. Write to F. J. CHENEY & CO., Toledo, O.

COMMISSIONERS' NOTICE

THE UNDERSIGNED, having been appointed by the honorable probate court for the district of Washington, commissioners, to receive, examine, and adjust the claims and demands of all persons against the estate of John L. Noyes, late of Cabot, in said district, deceased, and all claims exhibited in offset thereto, hereby give notice that we will meet for the purpose aforesaid, at the town clerk's office, in the town of Cabot, in said district, on the 20th day of July and 18th day of December next, from 1 o'clock p. m. to 4 o'clock p. m., on each of said days, and that six months from the 18th day of June, A. D. 1918, is the time limited by said probate court for said claimants to present their claims to us for examination and allowance.

Dated at Cabot, this 27th day of June, A. D. 1918.

B. G. ROGERS, F. P. DAVISON, Commissioners.
